Cutting & Threading
Tools Catalogue

AN ISO 9001:2008 COMPANY

H.S.S. Ground Thread Hand Taps
(BSP, BSPT, NPS, NPT, NPTF, NPSF)
Available from 1/8" to 6"

Circular Thread Rollers

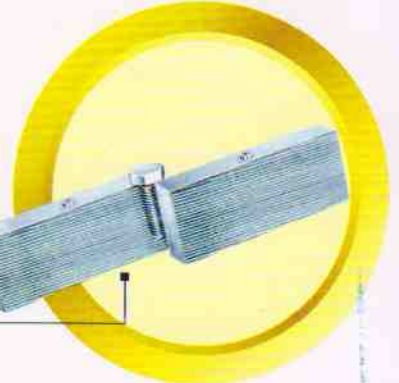

These thread rolls are used on Thread Rolling Machines. These rolls come in set of two/three pieces manufactured from D2, D3 & M2 materials to suit any type of machines. For any specification of thread such as ISO DIN Whitworth, American, Trapezoidal, Acme etc.

H.S.S. Roll Form Taps
M6-40mm and (1/4"-1 1/2") only in fine pitch

Hand Taps
1.370", 1.372", 1.375" x 24 & 26 BSCY

Flat Thread Rolling Dies

Used in Rolling Machine for threading on Bolts & Studs. Manufactured from D3, D2 & M2 Material.

H.S.S. Ground Thread Hand Taps

Available in serial and non-serial sets of any prescribed specification. Coarse pitch taps in set of 3 pieces. Fine pitch taps in set of 2pcs. 3mm to 205mm 1/8" to 8"

H.S.S. Ground Thread Machine Taps

Recommended for working on tough and string materials, the taps have interrupted threads & are spiral pointed.

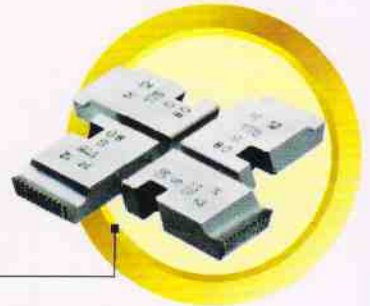

H.S.S. G.T. Circular Thread Chaser
Available in 3", 3 1/2" x 3/8" x 5/8"

H.S.S. Hand and Machine Spiral Flute Taps

Suitable for tapping through and blind holes in Steel, Copper and long chipping materials.

H.S.S. Ground Thread Coventry Die Head Chasers

Suitable for 1/2", 3/4", 1", 1 1/4", 1 1/2", 2", 2 1/2", 3" D.H. in BSW, BSP, UNC, UNF, MM, NPT, NGT, BSCY, Bs. Cond. & Special forms as per drawing

H.S.S. Ground Thread Nut Taps
Available from 5mm to 52 mm 3/16" to 2"

H.S.S. Ground Thread Small Nut Taps
Available in all sizes

H.S.S. Tangential Chasers for Bolt & Pipe Threading

These chasers are fitted with 1", 1 1/2", 2 1/2" & 4" capacity Die head

H.S.S. tangential Chasers for Pipe Threading
Suitable for 2 1/2", 4", 6" & 8" capacity Die heads

H.S.S. Slot Drills
3mm-40mm 1/8"-1 1/2"
As per BS, IS, ANSI, DIN Std

H.S.S. Combination Drills
BS1-BS7 as per
BS, IS, ANSI, DIN Std

Thread Plug Gauge
Standard & Special as per Drawing

H.S.S. Cobalt Tool Bits
Square, Round, Rectangular & Parting Tool Bits

H.S.S. Involute Gear & Milling Cutter
5 Module to 24 Module (14 1/2° & 20° PA)
30 DP to 1 DP (14 1/2° & 20° PA)

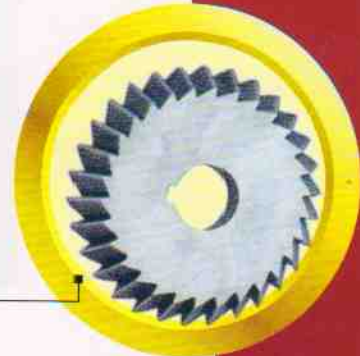

H.S.S. Hand and Machine Reamers
6mm to 32mm 1/4" to 1 1/4"

H.S.S. Staggered & Straight Teeth Side & Face Cutters
1 1/2" to 8" / 38mm to 200mm

H.S.S. Straight and Taper Shank End Mill and Slot Drill as per B.S. & I.S. Standard

H.S.S. Angle Cutter 1 1/2" to 8"
36mm-210mm
As per BS, IS, ANSI, DIN Std.

Counter Bores/Counter Sinks
Taper & Parallel Shanks
Range 1/4" to 1 1/4" / 6mm to 33mm

H.S.S. Rack Milling Cutter

H.S.S. G.T. Milling Cutters

Bolt & Pipe Threading Die-Head
Capacity 1", 1 1/2", 2 1/2", 4", 6" & 8"

H.S.S. Parallel Shank Roughing End Mill Cutter
4mm-25mm 3/16"-1" As per
BS, IS, ANSI, DIN Std.

COMPANY PROFILE

It is our pleasure to introduce **NTI**® as one of the leading manufacturers and exporters of Cutting, Threading, Machine Tools, Scaffoldings and Sheet Metal Components from Ludhiana part of Northern India which is known as 'Manchester of India'. **NTI** has gained international reputation for excellence and customer oriented service in exports and manufacturing of various engineering items by the process of sheer grit and hard work.

NTI has very strong development and manufacturing base, which enables to successfully cater to the needs of its International as well as domestic customers. Our dedicated and technically qualified staff and skilled labour ensures quality of products at every stage of production. It has well set tool room to develop and maintain dies, jigs and fixtures, which help to maintain the dimensions and quality strictly as per the standards/drawings/ samples. **NTI** is equipped with state-of-art machinery, infrastructure, physical and chemical testing facilities under one roof.

NTI is working as an ISO 9001:2008 company. We consider the quality of the product as the integral part of manufacturing process, not as the routine of final check. Utmost care is taken through out (from procurement of raw material to the final inspection) the manufacturing process in order to get the most desirable quality. Various cost effective measures are adopted to keep the prices comfortable and affordable to our buyers.

MANAGEMENT:

NTI is growing under the stewardship of **Mr. Hira Singh** with the high caliber and brilliant entrepreneurial skills. They are practically very versed with technical knowhow and have hardcore experience in this field. Day to day export and import matters are handled by a team of professionals under their guidance, this is because of their efforts and contribution to international marketing by way of studying the needs of the overseas buyers combined with hard work infused much needed recognition in export to the group. **Mr. Hira Singh** who is qualified technocrat (with more than 48 years of experience in the engineering sector), has supplemented the effective expansion and modernization of its existing manufacturing facilities to meet the ever increasing demands of local and international buyers. Because of their technical skills and understanding of buyer's requirement and need of modernized machinery that resulted in more streamlined working and increased productivity.

EXPORT MARKET:

Mr. Jasbir Singh Rajpoot, Director Exports and Mrs. Manju, Foreign Trade Manager are jointly looking after our international market and with their sincere and hard efforts, the company has been able to capture world market and day by day our export market is growing.

PRODUCTS:

We are manufacturing HSS Metal Cutting, Threading in High Speed Steel (in all grades), Machine Tools, Scaffoldings, Sheet Metal Components and High Tensile Auto Fasteners in alloy and non-alloy steels bars, Tie Rods, Hubs, Scaffolding Couplers and decorative Fencing Heads.

Developing new products as per specification / samples of the customer is the core competence of **NTI**.

NTI has many miles to traverse. The principle of market economy and globalization that is fast making its inroads, will inevitable bring with it new opportunities and at the same time the challenge. Growth in today's shrinking world will be only for those who are innovative, flexible and resilient and react to the changes in the environment. **NTI** well aware and conscious of these facts, understand its commitment and responsibility towards its customer and in serving their interests in an optimal manner. **NTI** is always in touch with tomorrow and is moving on to goals by learning from its experiences, renewing itself and dedicating to its timeless goals "Reliability by Perfection & Good Service".

To attain maximum customer satisfaction with our outstanding products and services has been the trademark of the company and we strive hard to delight our customer providing the same.

"Customer's satisfaction by providing accuracy,

Long life of the product by continual Improvement in quality management system."

We are capable of generating enough potential to meet any target as far as the delivery and quality of product is concerned. To meet with ever-increasing demand at international level, the company invests a good amount of time any money in research and development. We promote innovative thinking and increasing rigid control methods to deliver quality products.

MAIN BUYERS:

Bicycle and bicycle Parts Manufacturers, Automotive Industry, Construction Industry, Government supplies, as well as International market.

INFRASTRUCTURE:

To maintain the quality level we have machines from Germany, U.K, and U.S.A. and measuring instruments from Japan and U.K. We have qualified Engineers and skilled workers have rich experience to produce our quality products.

This unit completely abides and honour the law of our country. Environment friendly procedures and material are used in order to safe guard our environment from any kind of impending pollution.

NTI does not believe in making only profit from business, it also keeps in mind the social and environmental concern. Our all the machinery is thoroughly maintained at regular intervals to keep a strict check on disorders resulting in any kind of pollution (air, noise or water) which ultimately affects the surrounding environment. **NTI** honours the law of nation by strictly discouraging the employment of child labour in any of its department.
